I am a highly motivated Passionate and skilled Full Stack Web Developer with 1 year of hands-on experience building dynamic, user-centered web applications. Proficient in both front-end and back-end technologies, with a strong understanding of responsive design, web performance, and security. Seeking to leverage my technical skills in an innovative development team.

Experience

Jan 2021 - Jan 2022

United Peace Organization – *Volunteer*

- Conducted outreach and volunteering initiatives in the field of construction to support the building of homes and to promote awareness of human rights.
- Provided logistical support for events by coordinating resources and managing schedules.
